NEPRO EVENT MAY 5th & 6th * AEROTOW MAY 18th – 20th
COME BE A JUDGE & A PARTICIPANT, BOTH EVENTS ARE TERRIFIC

TIP OF THE MONTH

Broken Prop Velcro Knife

A blade from a broken plastic prop is an excellent removal tool when using a hook & loop material to hold batteries to your airplane. It is usually difficult to remove the component without damage to the mounting or surrounding surfaces. Use a portion of the broken plastic prop to break the grip allowing for easy removal with no damage to any surface. Use the side that stayed on your model. The hole in the prop hub will also hold a nice loop of cord as a leash. This will become a must have tool in your box.

Old Business:

Budget review and report will be given at May's meeting

Andrew W. is still working on the new website .

Saybrook Family Services Association flying demo on Sept 22nd needs volunteers, contact Tom Vernon for details.

A Field rule was proposed , to have all Dogs at the field leashed at all times. It was voted on and accepted unanimously.

Andrew W. talked about building our own weather station at the field that can be accessed online, there was some discussion and it was thought to be a good idea. He will get more info on it and we will vote on it at a future meeting.

Dennis talked about the shelter, we are waiting for the budget review to decide if we have enough money to do it.

New Business

Vote taken to spend \$150.00 on equipment to help with field clean up, it passed.

Vote taken to spend money on seed and lime for the field , it passed.
